# WHAT IS OCEAN SCHOOL?

- An innovative, educational platform
- Inquiry based learning
- Integrating cutting-edge technologies

## THE OBJECTIVE

- To better understand our impact on the ocean and its impact on us

## **NORTH ATLANTIC**

Online

October 4, 2018

financing

A few numbers...

## **NORTH ATLANTIC UNIT**

The background of the slide is a deep blue underwater scene. A diver is visible in the center, slightly out of focus, with a scuba tank and mask. Several fish are swimming around, including a prominent one in the lower right foreground. The overall atmosphere is serene and aquatic.

110	minutes of linear content
11	360° videos
4	Interactive experiences
9	Lines of inquiry
75	Learning objects

**A Critical Challenge**

# LEARNING OBJECT:

## 1. Contextual Statement

What are relationships between marine species and their habitats?

## 1. Media

Linear videos, AR/VR, 360° video, & interactives

## 1. Reflection

How do some marine species use their habitat?  
How can you find out?

**A Critical Challenge**
